

Part-Time Bilingual (English/Spanish) High School Math Teacher Empire State After-School Program

About the Hispanic Counseling Center:

The Hispanic Counseling Center (HCC) was established in 1977 by the Nassau County Department of Drug and Alcohol Addiction and the Nassau County Youth Board to provide substance abuse treatment services and services for children and adolescents in response to the county's growing Latino population. Over the intervening years, the agency has grown and expanded, adding programs to respond to the community's most urgent needs.

Empire State After-School Program Overview

This program is designed to help high school students from Hempstead High School and their parents who have recently immigrated to the U.S from Latin America achieve academic success as well as adjust successfully to a new school environment. The students will receive academic support to help them excel in ESL, Literacy, and Math. The parents will receive ESL/Literacy classes to help them be able to speak confidently on their child's behalf within the school system. In addition, both the students and the parents will be able to participate in support groups.

Job Summary:

The **Part-Time Bilingual (English/Spanish) High School Math Teacher** will work to deepen the student's mastery of mathematics as well as teach math vocabulary in English/Spanish which will also be reinforced by the ESL teacher for students in grades 9-12. The teacher is responsible for planning, developing, and delivering instruction to the students as well as providing remedial math intervention services to smaller groups of students.

Job Responsibilities and Duties:

- Provide Bilingual HS Math instruction to HS students in grades 9-12.
- Develop lesson plans and supplementary materials to teach content, skills, and vocabulary
- Provide interactive and meaningful learning material to students and maintain a positive learning environment for active participation of students
- Assign HW assignments and provide a pre and post assessment to measure the student's growth and progress
- Reinforce study and organization skills
- Closely monitor student attendance and remind students to attend class sessions
- Teacher will build and maintain positive relationships with children, parents, and administrators at the assigned site.

Job Requirements:

- Bachelor's degree (Master's Degree Preferred) in Math from an accredited college or university
- Valid New York State Certification (7-12)
- At least 2 years of teaching high school math is necessary
- Possess exceptional classroom management skills

- Satisfactory completion of a background check
- Excellent Oral and Written Communication
- Effective Organizational Skills and Multi-tasking Skills
- Must be able to work independently
- Demonstrates key competencies including: initiative, teamwork, and adhere to the highest professional conduct.
- Must have the ability to travel as needed

Work Schedule:

The position would start around the beginning of March. The work schedule would be Tuesdays and Thursdays from 3:30pm to 6:30pm at Hempstead High School and Saturdays from 10am to 1pm at the Hispanic Counseling Center. The position is a year round commitment which includes working over the summers.

Hispanic Counseling Center is an Equal Opportunity Employer. Applicants must be presently eligible to work in the United States. Please submit a Cover letter and Resume to:
